The Truth Home is a therapeutic residential home offering dramatically changed lives and hope-filled futures to survivors of sex trafficking and sexual exploitation. The home provides a warm, family setting for women, consisting of 8 to 12 months in an intensive therapeutic environment. It offers the opportunity for an individualized recovery plan through mentoring, counseling, coaching, life skills education, family therapy and spiritual encouragement. The program deals with the serious issues participants face in a holistic way, focusing on the entire person – body, soul and spirit.

The fight for justice is a community task to bring awareness of sex trafficking and exploitation in our region and offer restoration to survivors. We are actively seeking **individual** and **organizational partnerships** to help aide the restoration process of the survivors by making a contribution to the on-going needs and specific initiatives of the Truth Home.
